HOSPITALITY

GUESTS NOTICE EVERYTHING.
Especially Surfaces.

SOLID®
CARE FOR EVERY SURFACE

THE CHALLENGE

- High guest traffic wears down stone, carpet, metal, and grout fast.
- Guests expect every space to look perfect—every day.
- Limited time, tight budgets, and constant turnover leave little room for repairs.
- Small surface issues quickly turn into bigger, more expensive problems.

HOW SOLID DELIVERS

Our self-performing teams know what it takes to keep a hotel looking its best. We restore, protect, and maintain hard and soft surfaces—from stone, marble, terrazzo, metal, and LVT, to carpet and textiles—with care, efficiency, and hotel-ready discretion. The result: spaces that look elevated for guests, while extending the life of your surfaces and protecting your investment.

WHAT MATTERS MOST

- Surfaces that stay guest-ready, day after day
- Quick, discreet work that fits your schedule
- Extended surface life = lower long-term costs
- One partner for every surface in the building
- Nationwide coverage

SEE THE DIFFERENCE

Real results your guests will see—immediately.
